CAREER OBJECTIVE

Computer Science Engineering student seeking an entry-level opportunity to apply programming and web development skills, contribute to real-world software projects, and continuously develop technical knowledge in a professional environment.

SKILLS

- Programming: Python
- Web Development: HTML, CSS, JavaScript
- Database: MongoDB
- Other: UI Design, Full Stack Development
- Currently Learning: Software Testing

PROJECTS

ParkHaven – Smart Parking Management System

- Developed a smart parking platform designed to help users find and book available parking spaces.
- Worked as part of a team to plan and develop the project workflow and user-facing features.
- Focused on organizing parking-space information to make the booking process easier for users.

Hospital Management System

- Developed a web-based hospital management project using HTML, CSS and JavaScript.
- Designed user-friendly pages and interfaces for organizing hospital-related information.
- Implemented front-end interactions and page functionality using JavaScript.
- Focused on clean UI design, structured pages and practical workflow.

CERTIFICATIONS

- IBM Certificate
- MongoDB Certificate
- Oracle Cloud Infrastructure 2025 Certified AI Foundation Associate
- Getting Started with Artificial Intelligence - IBM Skill Build

EDUCATION

B.E. Computer Science and Engineering - Mailam Engineering College, Mailam (2024-Present, CGPA: 7.72)
SSLC - State Board - PSB Polytechnic College, Kelambakkam (2022, 76%)
HSE - State Board - Buvana Krishna Matric Hr. Sec. School, Kelambakkam (2019, 45.6%)

SOFT SKILLS & LANGUAGES

- Teamwork & Collaboration, Problem Solving, Adaptability
- Languages: Tamil, English
